

COFFEE CUPS

PLASTIC-FREE COFFEE CUPS.

THIS CUP IS DIFFERENT

Castaway® Plastic Free Classic paper coffee cups have been designed with specialty coffee in mind. Unlike conventionally plastic lined cups (which require dedicated collection and transport to specialised facilities), our water based coated cups are recyclable via existing recycling streams.

Made with natural and renewable sugarcane for a cleaner lifecycle, these lids are the perfect match for the slim profile of these cups – ideal for cafes and roasteries who prefer the two-lid system for easy identification when serving customers whilst providing a sustainable solution to reduce their environmental impact.
