Will It Fit?

Paper Towel & Dispenser Compatibility Checklist

Use this checklist to ensure you're choosing paper hand towels that fit your dispenser perfectly. A few millimetres can make all the difference!

- 1. Measure your current towel when folded (width x length): _____
- 2. Measure your towel when fully unfolded: _____
- 3. Note the fold type (e.g. slimfold, interfold, C-fold, Z-fold, roll):

- 4. Check your dispenser brand and model: _____
- 5. Search or match your dispenser's specs online or with Insinc's help.
- 6. Confirm towel width fits within dispenser allowance (watch for overhang or jamming).
- 7. Choose towels with verified eco-credentials if sustainability matters to you.
- 8. Avoid over-dispensing issues by ensuring towel type matches dispenser feed style.
- 9. Test a sample pack if uncertain about fit before bulk ordering. Insinc can help with this.
- 10. Store this checklist for future ordering reference.
