

GREEN'R

RINSE AID

Product Data

DESCRIPTION

GREEN'R RINSE AID is a clear, blue coloured liquid rinse additive for automatic dishwashers.

PRODUCT FEATURES

- Assists in preventing scale build-up due to hard water salts.
- Ensures quick water drainage providing dry, sparkling, spot-free glassware, crockery and cutlery.
- Economical – only requires a small dose per rinse cycle.

APPLICATIONS

- GREEN'R RINSE AID is formulated to ensure quick water drainage, eliminating water spotting and producing streak-free results on crockery, cutlery and glassware in automatic dishwashing processes.

DILUTIONS

Automatically pump GREEN'R RINSE AID at 5ml into 10 litres of water.

This product is intended for automatically dosed dishwashers for professional use within institutional and catering facilities, and not for use in domestic type dishwashers.

Note: For information on safety, please refer to Safety Data Sheet.
