

# Studies in England have proven this system can use 42% less paper than Jumbo Rolls

Combining the portion control benefits of Interleaved Toilet Tissue with the high capacity benefit of Jumbo Rolls and convenience of Centre Feeding Towels the Centre Pull Toilet Tissue solution will reduce costs and reduce waste.

## That means saving on your tissue costs

### Features and Benefits:

- High capacity roll means less roll changes and reduced labour costs
- One-sheet-at-a-time dispensing reduces usage compared to jumbo toilet tissue means you save money
- No more wastage from spinning toilet rolls means you save money
- Keyed portion control adjustment means you are in control
- Same key lock for dispenser and portion control for ease of use
- Sleek European design dispenser so your bathroom has style
- Tough durable dispenser manufactured in Europe to the highest standard
- PEFC certified so you can rest assured is manufactured with the environment in mind
- 2ply high quality, soft paper so you won't get any complaints
