GREEN RHINO
CLEANING SOLUTIONS

G6 ENVIRO MULTICLEAN PLUS™

TECHNICAL DATA SHEET

DESCRIPTION:

Green Rhino Enviro Multiclean Plus™ is a fast-acting, biodegradable and powerful cleaner that removes heavy dirt and grime for a wide range of applications. It can be used on most types of hard, non-porous surfaces in the kitchen, bathroom, floor, walls, and other areas in school, office, home and food processing industries. It can be applied using a spray bottle, mop & bucket, water blaster and auto scrubber.

DIRECTIONS:

Scrape off any loose dirt before cleaning. Dilute **Enviro Multiclean Plus™** according to the level of soiling. Rinse the surface with clean water. Do not let it dry on the surface. Because of its high active ingredients, **Enviro Multiclean Plus™** has been known to crystallise in certain circumstances.

Light cleaning:	1:100
Medium cleaning:	1:50
Heavy cleaning:	1:25
Extra heavy cleaning:	1:1

APPLICATIONS:

Multipurpose and biodegradable cleaner

PROPERTIES:

Thin purple liquid with mild odour. pH of 10 to 10.5

OUR VISION AND MISSION

To be the leading value-based provider to the market. We have a dedicated team to achieve excellence for our customers and philosophy of total quality. We conduct business and create relationships in an ethical and sustainable manner with customers, our community and the environment. The value we provide our customers is the opportunity to increase profit through lower cost solutions that do not sacrifice quality or service.

ENVIRONMENTAL POLICY

Pacer is committed to leading the industry in minimising the impact of its activities on the environment. The key points of our strategy to achieve this are: purpose built premises utilising energy efficient technology and rain water collection. Actively promoting recycling both internally and amongst our customers and suppliers. To develop and promote a product range to minimise the environmental impact of our products. We are constantly evaluating and looking at substituting to a more environmentally friendly composition of raw materials for our products. To meet or exceed all the environmental legislation that relates to our industry.

DISCLAIMER

The technical data and information provided, including the recommendations for applying & using our products, is given in good faith based on our current knowledge and experience and is believed to be accurate when applied under 'normal' conditions. In practice, the materials, surfaces or conditions are so varied that no warranty regarding the working results or any liability or guarantee can be inferred either from this information nor from a verbal consultation. It is recommended that the user makes his or her own tests to determine the suitability of the product for their own requirements.
