December Product Special

Sqwincher rehydration sachets are an economical and effective way of replenishing your electrolytes. They are sugar free and carbohydrate free and taste great. Mix one sachet with 600-750ml of water and away you go! My 14 year old son loves them - much cheaper than the popular rehydration drinks on the market. A great way to replenish after indulging yourself over the Christmas/New Year period. Also a popular fundraising product!

Sqwincher sachets - bag of 50 sachets ~~\$69.12 + GST~~ this month \$55.00 + GST

Interesting fact!

Apparently money is made up of a mixture of paper, cotton and linen - and I thought it grew on trees!

Thank you for your business, we truly appreciate it.
