

Winter weather has hit with a vengeance! I enjoyed a very blustery walk along the beach a couple of days ago, my little dog wasn't too impressed when she jumped out of the car and was hit with gale force winds though!

At the end of this month I have a stand at The Green Living Show in Auckland. This will be my first expo so lots of preparation work to do! The focus of the show is offering solutions for living and working sustainably.

The expo is on the 28th and 29th May at the Alexandra Park Function Centre. For more details or to get free entry, go to their website www.organicexpo.co.nz. Come and see me - we'll be displaying a number of our products and I would love to meet you!
