

We had a fantastically busy month last month - with a lot of enquiries about our range of Green Earth natural cleaning products. The warmer weather seems to be enticing people to get into their spring cleaning!

Last month I met Bella from Recycled Plastic Containers. I felt their company was worth a mention as they will pick up your empty 20Litre containers (Auckland only) for free. They wash them and on-sell them - a great recycling scheme - everyone wins! If you are interested you can contact them on 09 426 6706 or 021 029 33469

October Product Special

One of my suppliers has offered me a fantastic deal on this Sunscreen which has an insect repellent in it so it will keep those annoying midges away. This quality product is made in NZ and is SPF30+

1Litre pump bottle should be ~~\$58.95~~ + GST, special price is ~~\$44.21~~ but this month only \$37.80 + GST

Interesting fact!

I was looking at my worm farm the other day and I wondered how long worms live - apparently a regular worm can live up to 15 years!

Thank you for your business, we truly appreciate it.
