

INSTASHINE

FLOOR FINISH

Product Data

DESCRIPTION

INSTASHINE is a white liquid polymer floor dressing.

PRODUCT FEATURES

- High durability and requires low maintenance.
- Gives a superior 'wet look' gloss without burnishing.
- Responds well to low speed buffing or burnishing.
- Scuff and black heel mark resistant.
- NZFSA Approved C 25

APPLICATIONS

INSTASHINE is suitable for vinyl, plastic tiles and all sealed floors.

DIRECTIONS

Strip the floor of all old finish using QUALCHEM INSTASTRIP. Rinse floor well with water and allow to dry thoroughly. Buff floor and dust mop.

Using a lint free rayon mop or applicator, apply 1-2 even coats of QUALCHEM INSTASEAL. Allow to dry between coats. Apply 2-4 coats of INSTAGLOSS evenly allowing 30 minutes + drying time between coats.

MAINTENANCE – Damp mop or Autoscrub floor with QUALCHEM INSTABUFF as required. Dry buff or burnish at 300-1500rpm as required.

Note: For information on safety, please refer to Safety Data Sheet.
